

Innovators in Functional Health Solutions

Easy-Open
packaging

Made from 100%
Australian* Fruit

No artificial colours,
flavours or preservatives

'1 serve' of fruit as
per Healthcare guidelines

The creators of the ProVital® range of fruit-inspired nutritional products are passionately driven by 3 core beliefs:

1. We believe in a life well lived through natural positivity.

2. We believe delicious and nutritious foods are one of the great joys of a positive life, upon which one should never have to compromise.

3. And we believe that making those positive nutritional choices supports health and longevity so we can all continue to participate in a rich and joyful life.

We have brought these beliefs to life:

- Australia's Food Safety Standards ensures trusted food quality and safety for all consumers
- Breakthrough packaging to increase ease of opening, thereby reducing patient frustration and improving access to nutrition
- Delicious, nutritious fruits in a variety of flavours to negate menu fatigue

Developed in consultation with healthcare professionals

- Australian healthcare-centred innovation
- Delicious quality Australian* grown fruit
- Recyclable packaging
- Rigorously tested to meet Australian Food Safety Standards
- 'Cold Fill' technology to lock in fruit goodness
- Innovative packaging to assist consumers with fine motor skill difficulties

*Made in Australia from 100% Australian Fruit except for prunes and pineapple.
'Fibre Right' 'SPC' is a registered trade mark of SPC Group
'SPC ProVital' 'SPC' is a registered trade mark of SPC Group

Easy-open packaging

Our portion-controlled-cups have been specifically developed using the guidelines established by Arthritis Australia and aim to provide a more accessible fruit snack for consumers with fine motor skill difficulties.

- Textured and lengthened pull tab for easier grip
- Clear instructions for opening
- Optimised seal to reduce opening force
- Decagon shape for easier grip
- Extra large font for improved legibility

The benefits of accessible packaging

- ✓ Recognised by the Australian Institute of Packaging as contributing to **reducing food waste**.¹
- ✓ 9 in 10 patients surveyed found the new SPC ProVital® cup **easier to open**.²

1. June 2016: SPC ProVital® easy-open cup won Food Service category in the Australian Institute of Packaging (AIP)/World Packaging Organisation (WPO) Save Food Packaging Awards. This new award recognises companies which are developing innovative and sustainable packaging that minimises food losses and food waste.

2. Trained healthcare interviewers under the facilitation of Metis Healthcare research surveyed 400 patients and 50 carers at Royal Northshore Hospital. Collecting data on the accessibility of the SPC ProVital cup versus the incumbent cup. 50% of patients interviewed had a motor or sensory impairment or both.

WORLDSTAR WINNER 2018

Diced Fruit in Juice
